

Tastings

Elegant Events would very much enjoy preparing your meal in advance of your event for you and your loved ones, coworkers or committee members. We will prepare your entire meal for you, and three guests as it will be prepared and served to your guests.

We request that an event menu be selected in advance of the tasting so the items we will prepare for you will be the same items during the event. If certain menu items are not enjoyed during the tasting, we will have the opportunity to replace these items for others.

There is a \$100.00 tasting fee that will be payable the time of the tasting. Once you sample our wonderful food, and are contracted with Elegant Events to cater your event, this fee will be reduced from your balance due.

If you have already contracted our services with a deposit, we will be happy to provide you with a tasting of selected items at no charge
